Berlei is committed to helping Australian women who have recently undergone breast cancer surgery, which is why we are proud to work with Breast Cancer Network Australia (BCNA) to support Australians affected by breast cancer.

We understand there are practical challenges for women diagnosed with breast cancer, and through our technical knowledge we can assist. We joined forces with the BCNA to develop a unique kit to use post-surgery and during radiation.

Christine Nolan, CEO of BCNA, said "Berlei's support means the vast majority of Australian women who undergo breast cancer surgery will receive a My Care Kit. Having a special comfortable bra to wear after surgery is really appreciated by women at a very stressful time. We are incredibly grateful for the support provided by Berlei through the My Care Kit, and their fundraising for BCNA."
